

生物醫藥技術國家重點實驗室

THE STATE KEY LABORATORY OF PHARMACEUTICAL BIOTECHNOLOGY

L8-33A, Li Ka Shing Faculty of Medicine, 21 Sassoon Road, Pokfulam, Hong Kong • Tel: (852) 28199747 • Fax: (852) 28162095 • www.sklpb.hku.hk

Research Assistant I/II in the Division of Endocrinology of the Department of Medicine (to commence as soon as possible for one year, with the possibility of renewal)

Applicants should possess a Bachelor's degree or equivalent in Biological/Biomedical Sciences or a related discipline; good command of Chinese and English; and research experience in molecular biology (techniques including cloning, reporter assays, Western blotting, RT-PCR and tissue culture) and using obese mouse model in research. Preference will be given to those who have an interest in pursuing further M.Phil./Ph.D. studies. The appointee will work on research projects related to emerging metabolic diseases under the investigator of SKLPB (<http://www.sklpb.hku.hk/>).

A highly competitive salary commensurate with qualifications and experience will be offered, in addition to annual leave and medical benefits.

Applicants should send a completed application form together with an up-to-date C.V. to Department of Medicine (e-mail: kchan123@hku.hk). Application forms (345/1111) can be downloaded at <http://www.hku.hk/apptunit/jr-form.doc>. Further particulars can be obtained at <http://jobs.hku.hk/>.

Closes July 15, 2016.

The University places great emphasis on developing staff potential, and has in place a variety of development opportunities and assistance for staff at different stages of their career.

The University thanks applicants for their interest, but advises that only candidates shortlisted for interviews will be notified of the application result.
